

Introduction

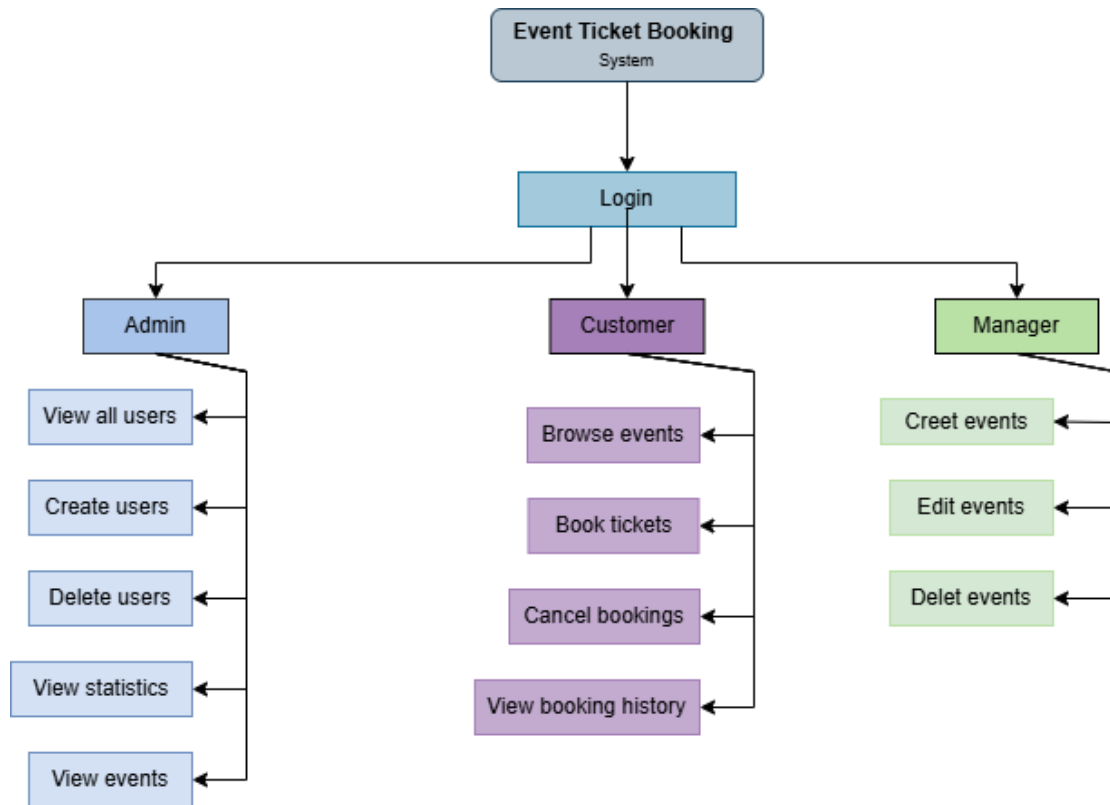

The Event Ticket Booking System is a desktop application that helps manage events and ticket bookings in a simple and organized way. It supports three main types of users: Customers, Event Managers, and Administrators. Each user has access to specific features depending on their role.

Customers can browse all available events, view event details such as date, location, available seats, and price, and book the tickets they want. They can also cancel their bookings and review their booking history at any time, which makes the process of attending events easier and more convenient.

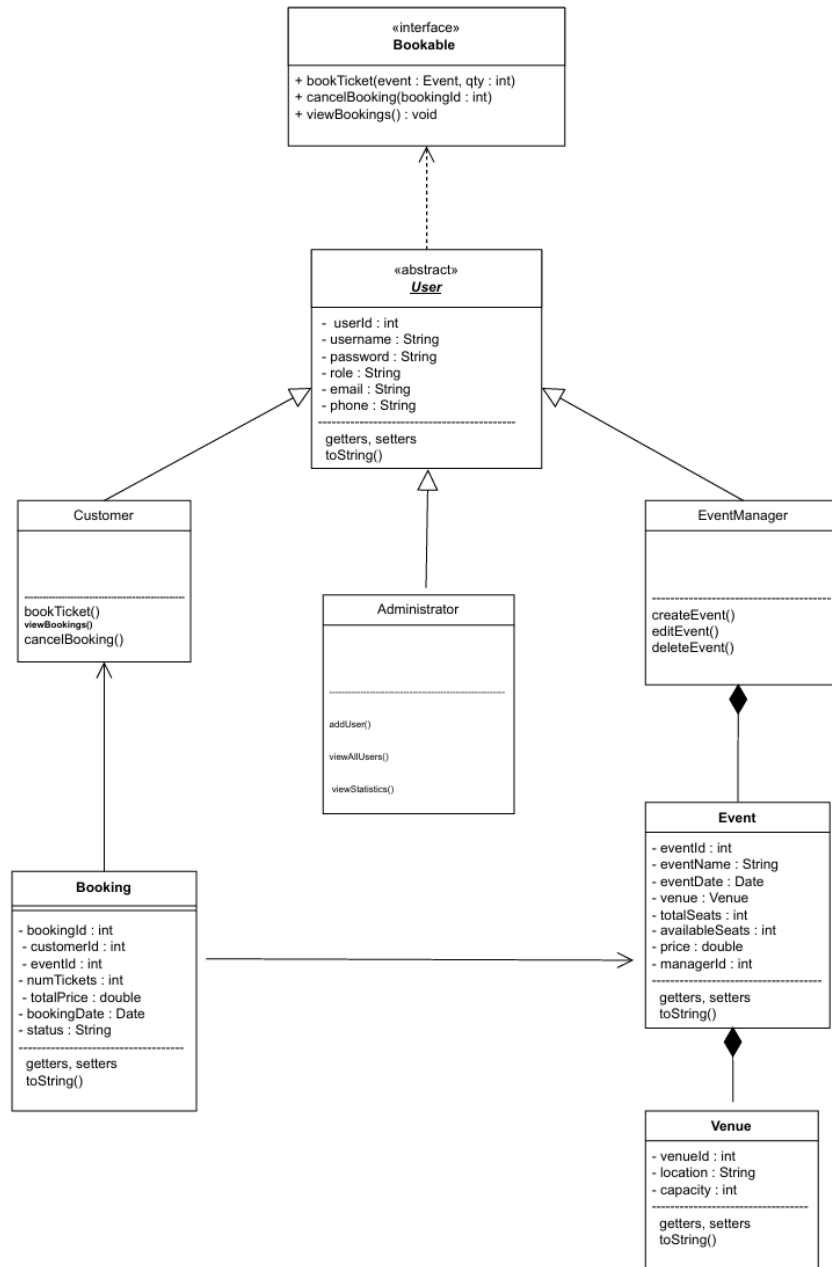

Managers can create new events, edit existing ones, or delete events when necessary. They can also view the events they manage and check related statistics, allowing them to organize and update their events efficiently.

Administrators have full access to the system. They can manage user accounts by creating new users or deleting existing ones, and they can view all events and all booking records in the system. They also have access to overall statistics, giving them a complete overview of the system's performance.

Snapshots of the execution trace

Login Page

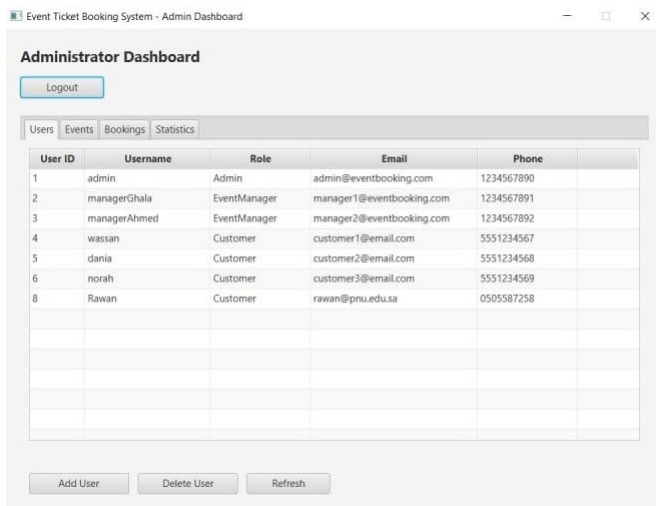

The initial interface where users enter their credentials to access the system.

The screenshot shows a web browser window titled "Event Ticket Booking System - Login". The page has a light gray background. In the center, there is a form titled "Event Ticket Booking System" with a "Login" heading. Below the heading, there are two input fields: "Username:" and "Password:". The "Password:" field has a placeholder text "Enter password". Below the input fields is a "Login" button.

Administrator Dashboard (Main Page)

Provides administrators with full access to manage users, events, and bookings, along with system statistics

The screenshot shows a web browser window titled "Event Ticket Booking System - Admin Dashboard". The page has a light gray background. At the top, there is a "Logout" button. Below it, there is a tabbed interface with four tabs: "Users", "Events", "Bookings", and "Statistics". The "Users" tab is currently selected. Below the tabs, there is a table with the following columns: "User ID", "Username", "Role", "Email", and "Phone". The table contains 8 rows of data. Below the table, there are three buttons: "Add User", "Delete User", and "Refresh".

User ID	Username	Role	Email	Phone
1	admin	Admin	admin@eventbooking.com	1234567890
2	managerGhala	EventManager	manager1@eventbooking.com	1234567891
3	managerAhmed	EventManager	manager2@eventbooking.com	1234567892
4	wassan	Customer	customer1@email.com	5551234567
5	dania	Customer	customer2@email.com	5551234568
6	norah	Customer	customer3@email.com	5551234569
8	Rawan	Customer	rawan@pnu.edu.sa	0505587258

Admin – Users Page

Displays all registered users and allows the administrator to add, delete, or refresh user records

Admin – Bookings Page

Lists all customer bookings with event details, ticket count, total price, and booking status

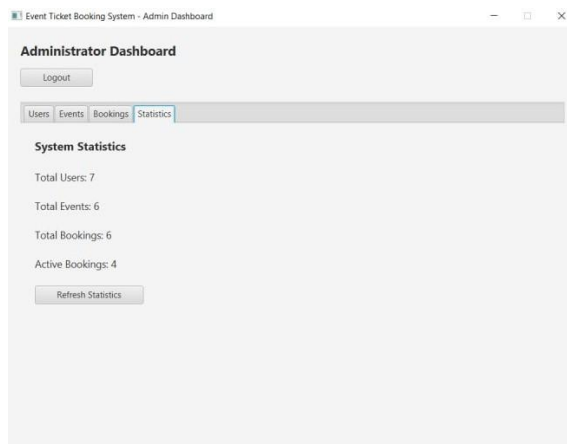

The screenshot shows the 'Event Ticket Booking System - Admin Dashboard' with the 'Bookings' tab selected. The dashboard includes a 'Logout' button and a navigation bar with 'Users', 'Events', 'Bookings', and 'Statistics'. The main content area displays a table of bookings with columns for Booking ID, Customer, Event, Tickets, Total Price, and Status. The table contains 7 rows of data, with the last 3 rows being empty. A 'Refresh' button is located at the bottom of the table.

Booking ID	Customer	Event	Tickets	Total Price	Status
7	Rawan	Black hat	1	\$25.00	Active
6	Rawan	winterland	2	\$50.00	Cancelled
5	wassan	Black hat	1	\$25.00	Cancelled
2	dania	Boulevard World	1	\$35.00	Active
1	wassan	beast land	2	\$100.00	Active
3	wassan	Noor Riyadh	3	\$225.00	Active

Admin – Statistics Page

Provides summarized data about total users, events, bookings, and active bookings

The screenshot shows the 'Event Ticket Booking System - Admin Dashboard' with the 'Statistics' tab selected. The dashboard includes a 'Logout' button and a navigation bar with 'Users', 'Events', 'Bookings', and 'Statistics'. The main content area displays 'System Statistics' with the following data: Total Users: 7, Total Events: 6, Total Bookings: 6, and Active Bookings: 4. A 'Refresh Statistics' button is located at the bottom of the statistics section.

System Statistics
Total Users: 7
Total Events: 6
Total Bookings: 6
Active Bookings: 4

Add New User Window

Allows the administrator to create a new user by entering account and contact information

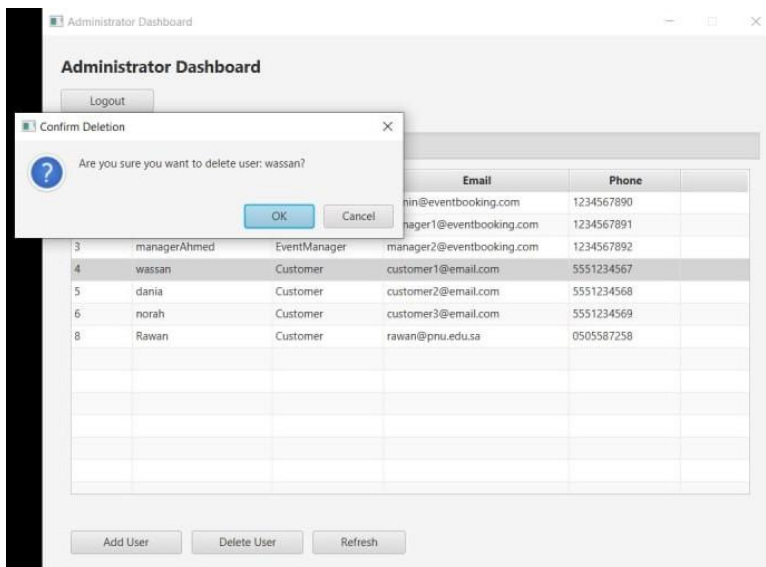

A dialog box titled "Add New User" with a close button (X) in the top right corner. It contains the following fields and controls:

- Username:** A text input field.
- Password:** A text input field with placeholder text "Enter password".
- Role:** A dropdown menu currently showing "Customer".
- Email:** A text input field with placeholder text "Enter email".
- Phone:** A text input field with placeholder text "Enter phone".
- Buttons:** "Save User" and "Cancel" buttons at the bottom.

Delete User Confirmation Popup

Asks the administrator to confirm before permanently removing a user account

The screenshot shows the "Administrator Dashboard" with a "Confirm Deletion" popup. The popup asks: "Are you sure you want to delete user: wassan?". The dashboard includes a "Logout" button and a table of users.

			Email	Phone
3	managerAhmed	EventManager	manager2@eventbooking.com	1234567892
4	wassan	Customer	customer1@email.com	5551234567
5	dania	Customer	customer2@email.com	5551234568
6	norah	Customer	customer3@email.com	5551234569
8	Rawan	Customer	rawan@pnu.edu.sa	0505587258

Buttons at the bottom: "Add User", "Delete User", "Refresh".

Manager Dashboard (Main Page)

Displays all events managed by the event manager, including dates, locations, seats, and prices
